Published: Dec. 1, 2022 at 10:09 AM CST

DUBUQUE, Iowa (KCRG) - Dubuque's regional airport plans to power its terminal building with a \$1.5 million solar power array.

[The Dubuque Telegraph Herald reports](#) the array, which will be next to the Captain Robert L. Martin Terminal Building, is expected to save the airport about \$80,000 per year in energy costs.

Airport officials said this is the first phase of a plan to power most of the airport using solar power.

The airport will apply for a grant from the Federal Aviation Commission to cover a majority of the cost.
