TABLE NOTES:

- (*) Assumes work can occur on the controlling operations.
- (A) Makes no difference whether contractor works or not.
- (B) “Unless” work is pre-approved by the project engineer. If working is allowed, a working day will be charged.
- (C) Refer to [Specification 1111](#), and [Chapter 2](#) of the Construction Manual for guidance.
- (1) For holidays which occur on a Friday.
- (2) For holidays which occur on a Saturday, Sunday, or Monday.
- (3) Assumes weather affects the controlling operation.
- (4) If restriction is outside the contractor’s control, and it affects controlling operation.
- (5) If it is the controlling operation.
- (6) Assumes time is remaining on the contract.
