## Required Local Public Agency Project Documentation & Pre-audit Checklist

Project Name / Location:	
Contracting Authority:	
Contractor:	
	Contracting Authority:

<u>Instructions</u>: Using and referencing this document throughout the construction project will greatly reduce time and effort during the closeout process. This list can serve as a guide for documents required throughout the project. **All** of the applicable documents, steps, or reviews represented by this checklist should be complete and correct **before** submitting this checklist to the lowa DOT Administering Team for review and determination of final audit by the lowa DOT Administering Team. Completing this checklist will guide the Project Engineer's Pre-Audit.

The Project Engineer shall review and complete this checklist as indicated below, and as indicated by the instructions for each item:

- If the question(s) associated with an item can be answered "yes", <u>and</u> the project file contains documentation to support this answer, check the respective "Yes" box.
- If the item does not apply, check the "N/A" box.
- If any items need additional explanation, place a note adjacent to that item, add remarks in the "comments" section below, or attach additional documents as necessary. The more accurate and complete information you provide, the more quickly the turnaround will be for the Administering Team.
- Project file can be defined as paper copy files, or electronic file systems such as Doc Express® or Appia®.
   All lowa DOT let projects are required to use Doc Express®. All county projects let through the lowa DOT, since the April 19, 2022 letting, are required to use Appia®. Projects utilizing Doc Express® should have all documentation uploaded into Doc Express® unless otherwise noted on this checklist when submitting the completed checklist.
- This checklist has the same structure as the Local Public Agency drawers in Doc Express, for ease of electronic review.

For many of the checklist items below, references have been provided to the appropriate lowa DOT form number, lowa DOT Standard Specifications Section or Article number, Construction Manual (C.M.) section, Materials Instructional Memorandums (Materials I.M.s), or Instructional Memorandums to Local Public Agencies (I.M.s). Also included are responsible parties for each of the checklist items. Such references are included in parenthesis immediately after the checklist item. Consult these references for additional instructions and information.

The Iowa DOT Standard Specifications, C.M., and the Materials I.M.s are all available on-line as part of the Iowa DOT's <u>Electronic Reference Library</u>. Most of the Iowa DOT forms referenced below are also available on the <u>Iowa DOT Forms</u> web page. The most recent Doc Express<sup>®</sup> and Appia<sup>®</sup> instructions can be found on our <u>Local Systems website</u>. Finally, some of the forms or documents included in this checklist are also discussed as part of I.M. 6.000, Construction Inspection.

**This checklist is not an all-inclusive list.** It should be used as a starting point for the project review, pre-audit, and final audit. Additional documents and documentation may be required as part of the project records. \*Column AB is for use by the lowa DOT Administering Team.

Agreement and Resolution Drawer Documents	Yes	N/A	AB*
Funding Agreement between the lowa DOT and LPA: include all funding agreements			
and any addendums to the funding agreements (Submitted by Administering Team)			
Right-of-Way, Temporary, or permanent easement agreements (Submitted by			
Engineer)			
Agreements for Private Property Used by Contractor: if the Contractor used private			
property, other than the existing right-of-way or easements provided by the Contracting			
Authority, provide copies of the Contractor's agreements for purchase, lease or temporary			
easements. (Submitted by Contractor)			

Change Orders (Form 831240): I.M. 6.000, Att. D., section 2.36): include a signed copy of all change orders on the contract (Submitted by Engineer)					12, 2024

Are the site inspections signed by a representative of the Contracting Authority and			
the Contractor's Erosion and Sediment Control Basics or Erosion Control Technician			
(ECT) trained individual? (Submitted by Engineer)	<u> </u>		
Does the file contain the name of the Erosion and Sediment Control Basics (ESC			
Basics) and Erosion Control Technician (ECT) trained individuals on the			
Contractor's staff? (Submitted by Engineer and Contractor)  Does the file contain the updated site map(s), as part of the Pollution Prevention			
Plan (PPP)? (Submitted by Contractor)			
Does the project file include signed affidavits from the Prime contractor and affected			
subcontractors, identifying them as co-permittees? (Submitted by Contractor)			
If the seeding or other permanent ground cover has been established, a copy of the			
Iowa DNR's Notice of Discontinuation (NOD) form that has been submitted to the DNR?			
(If the project site has not yet been stabilized, this form may be added to the project file			
after it has been submitted to the Iowa DNR.) (Submitted by Engineer)			
lowa DNR Notification of Completion of Construction (DNR Form 37, I.M. 3.500): If the			
project required an Iowa Department of Natural Resources (Iowa DNR) Flood Plain Permit,			
was this form completed and sent to the lowa DNR and does the project file include a copy			
of this form? (Submitted by Engineer)	<del>                                     </del>		
Contractor's Erosion Control Implementation Plan (ECIP) (Article 2602.03):			
Does the Contractor's ECIP include stages for erosion control work to address the			
Contractor's time table and sequence of major activities or stages on the contract? (Submitted by Contractor)			
Was the ECIP prepared by the Contractor's ESC Basics trained individual (or ECT)?	$\vdash \Box$		
Was the Eoir prepared by the Contractor's EoC dasics trained individual (of ECT)?	🖳		

If Erosion Control Mobilizations apply to the contract, did the ECIP include the anticipated number of erosion control mobilizations for the project? (Verified by Engineer)			
Did the contracting authority approve the ECIP? (Verified by Engineer)			
Estimates and Vouchers Drawer Documents	Yes	N/A	AB
<b>Progress Vouchers / Pay Estimates:</b> The project file contains copies of all progress vouchers or pay estimates prepared by the Project Engineer and approved by the LPA, as well as supporting documentation such as invoices and project estimates. (Submitted by Engineer)			
<b>Reimbursements:</b> If the Contractor was paid with LPA local funds (not Farm-to-Market funds), does the project file contain the following:			
Copies of all checks or warrants issued to the Contractor or copy of a check register showing all payments that have been made to-date? (Submitted by PIRC)			
Copy(s) of the one or more of the following:			
Claim for Reimbursement of Project Costs ( <u>Form 517050</u> or equivalent)? (Submitted by PIRC)			
Claim for Reimbursement of Federal Grant Program Project Costs ( <u>Form 240007</u> )? (Submitted by PIRC)			
Claim for Reimbursement of State Grant Program (RISE, Rec Trails) Project Costs (Form 240011)? (Submitted by PIRC)			
Items and Materials Drawer Documents	Yes	N/A	AB
<b>Field Book(s):</b> Are the quantities for all items documented in a field book, loose leaf binder, or if recorded electronically (Doc Express®, Appia®, E-Sheets), available as a computer print-out or report? Does the item quantity documentation include: (Submitted by Engineer)			
Added Change Order items (8000 "Change Number" series)?			
Dates and initials (or an electronic log) of the person who entered the quantity?			
Initials (or an electronic log) of the person who checked the quantity?			
Locations specified where each quantity was placed?			
Are there contract items deleted with original project costs of \$50,000 or greater? If yes, a change order is required.			
Are there contract items that increased or decreased in value by \$50,000 or greater? If yes, a change order is required.			
Are there contract items that the specifications or plans state to pay at contract or plan quantity, but there needed to be an increase or decrease in the contract quantity? If yes, a change order is required.			
Method of Measurement and Basis of Payment: Do all items have a method of measurement and basis of payment identified? This information is usually contained in the specifications (including any applicable Special Provisions, Developmental Specifications, Supplemental Specifications, etc.) but may also be located on the plans.			
<u>Note</u> : If the bid item number indicates the Standard Specification Section where this information can be found, the bid item number is a sufficient reference for this information. (Submitted by Engineer)			
Items Paid by Length: Do all items paid on the basis of length show the actual measured quantity, including the date and initials of the person that performed the measurement? (Submitted by Engineer)			

Items Paid by Count: Do all items paid on the basis of count (per each) show the actual count, including the date and initials of the person that performed the count? (Submitted by Engineer)		
Items Paid by Weight (Article 2001.07): (Submitted by Engineer) Do all items paid on the basis of weight include:		
Scale tickets that are certified by the producer?		
Scale tickets that are signed by the originator and the receiver?		
Has a minimum of first and last ticket per day been uploaded to Doc Express? For each supplier or quarry, these can be uploaded in a single batch (per bid item), if the first and last ticket for each day is scanned and in chronological order by date. If a date's cumulative total is not correct for some reason, also include the ticket tally for that respective date. An excel file is acceptable in this situation. (Submitted by Engineer)		
Daily ticket totals that are supported by adding machine tapes, computer print-outs, or other documentation? If working with hand written tickets without a cumulative total, has a ticket tally for each day been uploaded into Doc Express?		
Dates and locations where the material was placed?		
Documentation of scale checks (verification and/or check weights)?		
Documentation that tare weights were newly determined (if applicable)?		
E-Ticketing DS-23032 Ticket summary uploaded (if applicable)?		
<b>Ready Mix Tickets:</b> If ready mix concrete is used, are copies of all ready mix tickets meeting the requirements of <u>C.M. 9.03</u> available in the project file? (Submitted by Engineer)		
Has a minimum of first and last ticket per day (per bid item) been uploaded to Doc Express? For each supplier, these can be uploaded in a single batch (per bid item), if the first and last ticket for each day is scanned and in chronological order by date. If a date's cumulative total is not correct for some reason, also include the ticket tally for that respective date. An excel file is acceptable in this situation. (Submitted by Engineer)		
E-Ticketing DS-23032 Ticket summary uploaded (if applicable)?		
Items Paid as Lump Sum: Do all items paid as a lump sum include the date the work was started, dates of intermittent progress (if applicable), the date the work was completed, and initials of the person who verified the work was completed? (Submitted by Engineer)		
Items Paid by Volume: Do all measured items paid by volume include supporting calculations, such as original and final cross sections, or other methods that indicate how the volume was calculated? (Submitted by Engineer)		
Items Paid by Area: Do all measured items paid by area include supporting calculations, such as sketches with dimensions, or other methods that indicate how the area was calculated? NOTE: Sketches must be drawn and dimensioned clearly for verification of calculation. (Submitted by Engineer)		
Items Paid by Plan (I.M. 6.000, Att. D, section 2.27, Article 1109.01): For each item paid for on the basis of plan / contract quantities: (Submitted by Engineer)		
Does each quantity entry include the date and location of the work performed and an estimated quantity of work performed at that location?		

Is a Plan Quantity Agreement included (if it was not originally noted in the plans or specifications)?			
Materials Review: For all materials incorporated into projects let using the lowa DOT Standard Specifications:			
Has a summary statement of non-compliant tests or measurements of material incorporated into the project been completed by the Project Engineer? ( <u>C.M. Appendix 2-33</u> ) (Submitted by Engineer)			
If the contract included HMA and / or PCC from a plant, does the project file include copies of the HMA and / or PCC Plant Reports? (Submitted by Engineer)			
Materials Audit (I.M. 101 sheets) completed by Local Public Agency staff?  ( <a href="http://www.iowadot.gov/Construction_Materials/materialsforms/auditforms.xlsx">http://www.iowadot.gov/Construction_Materials/materialsforms/auditforms.xlsx</a> )  (Submitted by Engineer in the Working Drawer)			
All materials have been reviewed for compliance with the materials testing, sampling, and acceptance requirements of the Iowa DOT Standard Specifications and Materials I.M.s <u>101</u> , <u>204</u> , and <u>205</u> ? (Verified by Engineer)			
ADA (Materials I.M. 363): If project contains any construction or reconstruction of sidewalk or recreational trails, has the work been documented as required by Materials I.M. 363? (Submitted by Contractor)			
Project Engineer has verified documentation as required by Materials I.M. <u>363</u> ?			
Incentive / disincentive specifications: including, but not limited to:			
Pavement smoothness, if required by the contract documents? ( <u>C.M. 3.60</u> ) (Submitted by Engineer)			
PCC Pavement thickness? (C.M. 9.65, Materials I.M. 346) (Submitted by Engineer)			
HMA Lab Voids, Field Voids? (Section 2303 or N/A if DS-15013 was used) (Submitted by Engineer)			
Early completion? (Section 1111) (Submitted by Engineer)			
Liquidated damages? (I.M. 6.000, <u>Att. D</u> , section 2.34) (Submitted by Engineer)			
<b>Log of Piling Driven</b> (if by formula, Form 830210, if by wave equation, Form 830209); C.M. 11.25, C.M. Appendix 11-22): If the contract included an item of work for driving piles, such as on a bridge project, does the project file include a completed copy of this form? This form should be completed as piles are driven and uploaded to SIIMS. (Submitted by Engineer)			
Has the form been uploaded to SIIMS? (Submitted by Engineer)			
Meetings Drawer Documents	Yes	N/A	AB
Pre-construction Meeting Agenda and Minutes: The project file includes a copy of the agenda and notes, including a list of attendees? (Submitted by Engineer)		III/A	, L
Payrolls Drawer - Federal-aid projects only Documents	Yes	N/A	AB
<b>Davis-Bacon Compliance</b> (I.M. 6.000, <u>Att. D</u> , section 2.24): If Davis-Bacon wage requirements apply to the contract, does the project file contain the following:			
Note: For contracts let by the Iowa DOT, applicability of the Davis-Bacon requirements is indicated on the bid proposal and contract.			
Completed Wage Rate Reports (Form 650170) for the Contractor and all subcontractors with contracts greater than \$10,000 to document the wage rate interviews? The wage rate interviews should be completed at least once, and if the contract extends more than 6 months, approximately once every 6 months for the duration of the contract. Note:			

Wage rate interviews do not need to be completed for Contractor or subcontractors if they participate in the Associated General Contractors (AGC) Prevailing Wage Notification Program. (Submitted by Engineer)			
Copies of the Certified Transcript of Labor Payroll (Form 830176) that are:			
Signed and dated by the Contractor, for each week that the Contractor or subcontractors performed work? (Submitted by Contractor)			
Checked by the Project Engineer or designee for compliance? (See I.M. 6.000 Attachment D) Have all payrolls been transitioned to Received in Doc Express and has a comment been added to Doc Express to identify which payrolls were checked for compliance? (This is only required for the first few submitted; if no compliance problems are noted, subsequent submittals will only require spot checking.) (Verified by Engineer)			
An itemized list of any non-cash fringe and corresponding dollar values with the first payroll from each contractor? (Submitted by Contractor)			
Plans Drawer Documents	Yes	N/A	AB
<b>Plans:</b> Does the project file include a copy of the plans? Include plans as advertised, as well as let (includes addenda information). (Submitted by Administering Team)			
<b>Plan Revisions:</b> If the plans were revised after the contract award, are copies of such plan revisions, including transmittals to the Contractor, included in the project file? (Submitted by Engineer)			
Liigineer)			
As-built Plans (I.M. 6.000, Att. D, section 2.72): If the contract involves work on an Interstate or Primary Highway, has the Project Engineer prepared as-built plans and forwarded to the appropriate Administering Team? (Submitted by Engineer)			
As-built Plans (I.M. 6.000, Att. D, section 2.72): If the contract involves work on an Interstate or Primary Highway, has the Project Engineer prepared as-built plans and			
As-built Plans (I.M. 6.000, Att. D, section 2.72): If the contract involves work on an Interstate or Primary Highway, has the Project Engineer prepared as-built plans and	Yes	N/A	AB
As-built Plans (I.M. 6.000, Att. D, section 2.72): If the contract involves work on an Interstate or Primary Highway, has the Project Engineer prepared as-built plans and forwarded to the appropriate Administering Team? (Submitted by Engineer)	Yes	N/A	AB
As-built Plans (I.M. 6.000, Att. D, section 2.72): If the contract involves work on an Interstate or Primary Highway, has the Project Engineer prepared as-built plans and forwarded to the appropriate Administering Team? (Submitted by Engineer)  Project Close-out Drawer Documents  Noncompliance Notice (Form 830245, C.M. 3.21, I.M. 6.000, Att. D, section 2.53): If any of the contract items, test results for incorporated materials, or work activities were not in compliance with the contract documents, was the Contractor issued a noncompliance notice for each, and does the project file include complete copies of this form? (Submitted by	Yes	N/A	AB
As-built Plans (I.M. 6.000, Att. D, section 2.72): If the contract involves work on an Interstate or Primary Highway, has the Project Engineer prepared as-built plans and forwarded to the appropriate Administering Team? D, section 2.27, Article 1109.01): For each item paid for on the basis of plan / contract quantities: If the item is not plan / contract quantity by specification or plans, does the item have a completed and approved Contract Quantity Agreement (Form 830230)? (Submitted by Engineer)  Proposed Semi-final Voucher / Pay Estimate: Does the project file contain a copy of the semi-final voucher or pay estimate, including the final quantities and price adjustments	Yes	N/A	AB

Attachment E to I.M. 6.110 June 12, 2024

Certificate of Completion and Final Acceptance of Agreement Work (640003) For state-funded locally-let projects, is a copy of this form included in the project file, signed and dated by the Project Engineer? (Submitted by Engineer)			
Right of Way Acquisition	Yes	N/A	AB
Right-of-Way documents are not required unless the lowa DOT Right-of-Way Bureau requests an audit. An LPA may choose to store Right-of-Way documents in th is drawer, but it is not required.			
Traffic Control Drawer Documents	Yes	N/A	AB
<b>Traffic Control Documentation</b> (C.M. 5.40, Article 2528.01): If the contract includes an item for traffic control, does the project file include:			
A copy of the Contractor's Traffic Control Daily Diary? (Submitted by the Contractor)			
Records to verify that the Contractor has a technician on staff that has attended and passed the exam in an American Traffic Safety Services Association (ATSSA), International Municipal Signal Association (IMSA) Work Zone Traffic Control, AGC of Iowa Traffic Control Technician class, Minnesota DOT Traffic Control Supervisor training class, or Texas Engineering Extension Service Work Zone Traffic Control training class within the last 5 years? (Submitted by Contractor)			
Weekly Working Day Reports Drawer Documents	Yes	N/A	AB
<b>Weekly Report of Working Days</b> (Form 830238 or Appia report, I.M. 6.000, Att. D, section 2.33) If the Appia generated report is used, are the correct dates shown on each report, the % of contract complete shown on each report, and the controlling items noted in the remarks for each day's entry? (Submitted by Engineer)			
Weekly Report of Working Days for Incentive/Disincentive (Form 830241, I.M. 6.000, Att. D, section 2.33). If the contract included a critical closure period with incentive and/or disincentive clause, does the project file contain a copy of these reports? (Submitted by Engineer)			
Notice of Suspension or Resumption of Work (Form 810036, C.M. 3.06): If the Contractor was directed to stop work by the Project Engineer at any time during the project, or if the contractor started work prior to the late start date and then requested a work suspension, does the project file include a completed copy of this form? (Submitted by Engineer)			

## **Project Engineer's Comments**

supporting d file is organiz Engineer, as	neer's Certification: I have reviewed and verified each of the applicable items shown above. The ocumentation associated with each applicable item is in the project file (Doc Express). The project zed and ready for lowa DOT and / or FHWA inspection. I acknowledge my responsibility as Project defined in I.M. 6.000, This shall be uploaded to Doc Express and transitioned to Recommended by recommend approval by the PIRC.
